Created by constitutional amendment in 1993, the Judicial Conduct Board of Pennsylvania is an independent board within the judicial branch of the Commonwealth's government responsible for reviewing, investigating, and, where warranted, prosecuting complaints of judicial misconduct. If the Board, by majority vote, decides that there is probable cause to believe that a judge engaged in misconduct, the Board may file a complaint in the Court of Judicial Discipline where the Board must prove the charges against the judge by clear and convincing evidence. The Court of Judicial Discipline decides if the Board has sustained its burden of proof and also decides the sanction to be imposed upon the judge for any proven misconduct.
